### WARRANTY

A.S.A.P. technologies, inc. (hereinafter called the Company) warrants that each product to be delivered hereunder will be of the kind designated or specified and no other warranty, except of title, shall be implied. The conditions of any tests designed to resolve any alleged breach of warranty shall be mutually agreed upon and the Company shall be notified of, and may be represented at, all such tests that may be made. The Company's obligation to the purchaser in respect to such product shall be limited to (at its option) replacing F.O.B. its plant or such other point as it may designate, or refunding the purchase price of, any such product found to be defective provided that written notice of such defect is received by the Company from the Purchaser within 30 days from the date of shipment by the Company or within such other period as may be specified on the product label. The liability of the Company (except as to title) arising out of the supplying of said product, or its use, whether on warranties, contract, negligence or otherwise shall not in any case exceed the cost of corrective defects in the product as herein specified, and upon the expiration of the applicable warranty period specified herein all such liability shall terminate.

### PATENTS

The purchaser shall hold the Company harmless against any expense or loss resulting from infringement of patents or trademarks arising from compliance with Purchaser's designs or specifications or instructions.

Except as otherwise provided in the preceding sentence, the Company shall defend any suit or proceeding brought against the Purchaser so far as based on a claim that any product, or any part thereof delivered hereunder constitutes an infringement of any patent of the United States, if notified promptly in writing and given authority, information and assistance (at the Company's expense) for the defense of same, and the Company shall pay all damages and costs awarded therein against the Purchaser. In case said product or part is enjoined, the Company shall at its own expense either procure for the Purchaser the right to continue using said product or part, or replace same with non-infringing product, or modify it so it becomes non-infringing, or remove said product and refund the purchase price. The Company shall, however, in no event be liable for any use made by the Purchaser of the product supplied hereunder which is covered by any adversely held patent. The foregoing states the entire liability of the Company for patent infringement by said product, or any part thereof.
